Ten years after 9/11, what can Americans do to bring about peace and genuine security?

★ End the wars in Iraq and Afghanistan.

★ Bring our troops home and provide them with comprehensive health care.

★ Cut the military budget to free up funds to meet important human needs.

★ Use public funds for job creation, education, health care, and safe renewable energy.

★ Resist hate and fear-mongering and celebrate diversity.

★ Work for peace and justice in our homes, schools, workplaces, and communities.

This message brought to you by the Peace Coalition of Southern Illinois and 540 of your friends and neighbors.
